RE: U.S. Patent Application No. 10/595,872
Cleaning Compositions
Our Ref.: 102792-210
Reckitt Benckiser Ref.: 11362P3 US

Dear Andrew:

Greetings! I hope that this letter finds you well. It's been some time since we've been in touch, and I hope things are working out for you.

I have lately been contacted by Reckitt Benckiser to assist in obtaining your signature on several of the enclosed documents. By way of enclosure, please find a copy of the above U.S. patent application identified in this letter of which you are a named co-inventor, as well as a copy of a Combined Oath, Declaration and Power of Attorney, and U.S. Assignment. I would be very much obliged if you could review the attached documents, sign the latter two documents at the place indicated in permanent, non-black ink, and return these documents to me in the enclosed courier envelope. As you know, a condition of your employment at Reckitt Benckiser was the transfer of rights to intellectual property to Reckitt Benckiser, and cooperation in the execution of necessary papers, e.g., the enclosed documents.

I understand the enclosed documents had been previously sent to you directly from Reckitt Benckiser – Group Patents Department in Hull, U.K. They have informed me however that they have, to date, received no response from you although these were sent on several occasions.

As a personal favor Andrew, if you choose not to cooperate and sign the enclosed documents, could I at least ask you to sign and return the attached letter to me in the enclosed courier envelope? It would be very helpful so that I can take the necessary next steps before the U.S. Patent and Trademark Office.

I hope the above is not too inconvenient.

As always, if you have any questions, never hesitate to give me a call at (212) 808-0700, or e-mail aparfomak@nmmlaw.com. I very much enjoyed working with you for quite a number of years, and frankly, while I will say that with the departure of further persons from the Montvale Technical Center, the place does seem a little bit more forlorn and lonely than it did in the late 1990s!

Very truly yours,

Andrew N. Parfomak
